INSTANT BILLING & FASTER PAYMENTS

Optimized Routing

- Plan routes up to 30 days in advance and easily modify routes to increase density.
- Choose between full route optimization, fixed route order, or a blend of both to meet your operational needs.

Schedule Management

- Create multiple schedules for multi-service customers, move customers across routes, and schedule recurring and one-time stops.
- Plan ahead with route duration and distance estimates, and view schedules up to one year in advance.

Paperless Medical Waste Manifests

- Create electronic manifests using any Apple or Android device.
- No more pre-printed forms, filing, or special barcodes required.

Driver-friendly Mobile Tools

- Keep connected with driver tools available on any Apple or Android device.
- Drivers can view added stops, view route details and turn-by-turn navigation, reoptimize routes, save field notes and photos, and more — with no driver or device limits.

Accurate Billing & Payments

- Create invoices directly from service ticket data, capture extra services, and manage pricing, invoices, and fees.
- Get paid faster with online self-service tools that let customers pay invoices, securely save credit card or ACH information, and enroll in autopay.

Comprehensive Reporting

- Access hundreds of out-of-the-box and customer reports to run your business better.
- Maximize profits with accounting reports, including reports on sales taxes, sales commissions, late fees, one-time fees, and autopay utilization.

OSHA Training & Compliance

- Stay competitive with Routeware's comprehensive online OSHA compliance program.
- Provide your customers with the OSHA training they need, covering topics such as Bloodborne Pathogens, HIPAA, HazCom, Sharps Safety, Personal Protective Equipment (PPE), DOT training, and much more.
