

NEXT STOP ON THE HORIZON: A Better Return on Your Investment

Say goodbye to complicated systems and hello to one simple solution. Our all-in-one platform connects collection, customer, and business tools in a single, easy-to-use experience—saving time, cutting costs, and driving real ROI. Ready to see the difference? *Check out how others are making it work below.*

1

Optimized Fleet Operations

Maximize efficiency and cut costs by balancing workloads across your entire fleet. Fewer trucks, fewer miles, less fuel—and lower emissions. It's smart for your business and better for the planet.

Loveland Colorado decreased the number of stops per route by **30 percent** and helped define a measurable threshold for adding new routes going forward at **1,100 stops**.

LOVELAND, COLORADO

2

Increased Dispatcher Productivity

Simplify dispatching with digital route lists. Instantly drag, drop, and assign unassigned orders with map-based tools. With Routeware, it's easy for you to swap stops, build helper routes, resequence, and blend routes—fast and hassle-free.

HOUSTON, TEXAS

3

Reduced Go-Backs

Stop wasting time and money on return trips. Use GPS, timestamps, photos, and video to prove pickups happened—or explain why they didn't. Routeware gives your team the evidence to end disputes fast.

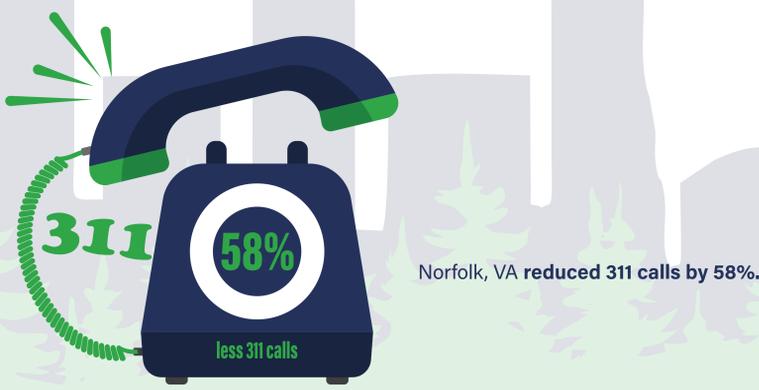

Denton, Texas saw **70% reduction** in unnecessary go-backs, resulting in over **\$150,000 in cost savings** annually.

DENTON, TEXAS

4

Reduced Incoming Customer Calls

Reduce call volume and boost efficiency with digital self-service tools. Free up staff, cut costs, and give customers a faster, easier way to get what they need—no phone call required.

NORFOLK, VIRGINIA

5

Increased Revenue

Boost revenue and eliminate billing headaches with smart on-board systems. Automatically verify collections, capture overages, and bill with precision. Give drivers the tools to snap quick photos of overloaded containers—no more disputes, just accurate billing every time.

Using Routeware's Onboard computers, the City of Peoria, Arizona identified **800** residents who had containers they weren't paying for, **recouping lost revenue of \$134,000 a year**.

PEORIA, ARIZONA

6

Reduced Contamination Costs

Stop contamination at the source. Give people the tools to recycle right with clear, local, multi-language info—right on your website or app. Less confusion, less waste, lower costs.

The Resource Recovery and Recycling Authority of Southwest Oakland County (RRRASOC), in Southfield, Michigan has shown a roughly **50% decrease in recycling contamination**.

RRRASOC - SOUTHFIELD, MICHIGAN

7

Reduced Printing & Mailing Costs

Ditch the print and save big. Go digital with multi-language calendars and recycling guides—no more mailing costs. Plus, in-cab computers replace paper route sheets and maps. Less paper, more savings.

City of Spokane, WA saved **\$25,000 annually** on printing costs.

SPOKANE, WASHINGTON

Ready to turn data into results? Our waste management software delivers measurable ROI by streamlining operations, boosting efficiency, and cutting costs. Join the communities already seeing the impact—and imagine what it can do for yours.
